

Tun Sakaran Marine Park

- Please treat the reefs with care. Corals take years to grow but are easily broken by careless actions.
- Help keep the sea, reefs and islands clean by bringing rubbish back to the mainland and disposing of it properly.
- Visitors need to register before entering the Park, please do this through your tour operator.
- Activities in the Park such as building, tourism operations, seaweed farming and fishing need a permit - please consult with Sabah Parks.
- Please respect the “No-Take Zones”
- Please report any illegal activities, particularly fish bombing.

SEMPORNA ISLANDS PROJECT

WORKING IN
THE PARK TO:

- Protect marine life
- Improve the health of the reefs
 - Safeguard biodiversity
- Promote sustainable resource use
 - Eliminate destructive fishing
 - Promote alternative livelihoods
- Involve local communities in monitoring programmes
- Increase public awareness and understanding of the Park
