Dear Eilidh

I am sending a photo of the award ceremony. Delano Davis from Toka (with green polo shirt) is a member of the butterfly team.

The butterfly house is back on track and now they have 4 months to get their pupae production sorted ready for the UK and European export season starting April 2010. Neil Naish will continue to work in developing the farming side of the business. I will be retiring from the University at Christmas. I hope to do some consultancy and good deeds. If I can be useful please let me know. I would like to attend any future meetings. My e-mail address will be doreenwinstanley@goodlemail.co.uk

Best wishes

Doreen

Hi All

Last night the Butterfly project was presented with an award " the most creative tourism initiative" for 2009 from the Ministry of Tourism.

Attached are some photos:
