- < Ile des Deux Cocos

ANOUSAP
NU LEZAR

Bann zil dan Gran Port nu trezor ek so bann lezar

Please help protect them
by following 3 simple steps:

1. Take your rubbish back home
2. Use only mobile barbecue sets
3. Check your boat.

Make sure you don't take any live
animals to the islets (including
rats, house geckos or snakes)

And remember:

The best way to discover the islets is with
someone who knows them well... Choose
a skipper who is also a nature guide!
If you are a local skipper who would like
to become a nature guide please contact
the Mauritian Wildlife Foundation for free
training and materials.
