

The Darwin Initiative

Sharing experiences and
lessons between projects

Department
for Environment
Food & Rural Affairs

Objective of the Day

- To provide an opportunity to find out more about new Darwin projects
- To provide a forum for projects to network with those working on similar topics and areas
- To facilitate lesson learning and build links between projects
- To identify common challenges and how to overcome them
- To improve project ability to demonstrate evidence of impact

Agenda - Morning

- Welcome and Introductions
- Case Study 1 - Mainstreaming biodiversity and ecosystem services into community forestry
- Group Exercise 1 – Identifying complementarities
- Case Study 2 – Eels - a flagship species for freshwater conservation in the Philippines
- Lunch!

Agenda - Afternoon

- Group Exercise 2 – Sharing advice on technical themes and measurement challenges
- Case Study 3 – Conserving biodiversity and reducing poverty Identifying key lessons
- Q&A session
- Highlights and Wrap Up

Introductions

- All existing projects introduce yourself and your project:
 - Name
 - Institution
 - Project title only
